

April 16, 2020

Greetings Pathways Families!

We hope you are well and your spring break was enjoyable. We truly miss seeing the students in person during this time, but we support social distancing measures and are committed to keeping our Chicago communities healthy.

This week, daily distance learning appointments have resumed. As a reminder, students are expected to check in with their teachers daily and continue their coursework via Edmentum and/or student activity workbook (SAWs). Small group instruction (SGI) classes will begin on 4/22 and will utilize Google Classroom as a virtual platform for meeting. We will continue to be available to support students should they need to borrow a chromebook. To inquire about borrowing technology, or for any other assistance, please call the campus and leave a voicemail. Your message will be directed to the Assistant Principal who will arrange a return call as quickly as possible. In the meantime, a parent portal is being developed for convenient access to scheduling updates and general information.

Please keep in mind that Learning Period 9 closes on 4/21. By then, all students should have completed at least five units for the period.

Thank you for your continued support and engagement during these challenging times.

Our best wishes to your family,
Pathways In Education
