

May 28, 2020

Greetings Pathways Families!

We truly miss seeing the students in person during this time, but we are thankful we can remain open, communicate with families, and continue to help students work towards their goals.

Graduation

- ❖ Pathways in Education will host a virtual graduation on June 30th. More details to come!
- ❖ This week, student graduates will upload a photo and quotation to use in the ceremony. Instructions to follow.
- ❖ All seniors were sent a Senior Exit Questionnaire this week that needs to be completed. Parents, please ensure your child has access to their Pathways email.

School work and end of year requirements

- ❖ Learning Period 11 began on 5/21/20. All students should work towards completing at least five units.
- ❖ Daily distance learning appointments will continue for the remainder of the school year.
- ❖ FAFSA and Naviance deadlines are approaching for students in all grades. Please make sure your child has communicated with their teacher about completing these mandatory tasks.

Technology Needs

- ❖ We continue to be available to support students should they need to borrow a Chromebook.
- ❖ Please wear protective masks and practice social distancing when picking up a Chromebook or curriculum at our schools.

Communication

- ❖ The new StudentTrac Parent Portal information has been shared with all Pathways families. Teachers are going to continue reaching out to parents this week to confirm we have at least one working email address for all parents/guardians. This is a great way to stay engaged with how your child is progressing toward reaching their academic goals!
- ❖ Please call the school if you need support. Voicemails can be left at your campus. The voicemail is redirected to the Assistant Principal who will return your call or route to the necessary individual.

Now Enrolling!

- ❖ As always, Pathways is enrolling students. Accommodations can be made for remote orientation into our program. Reach out to any campus for inquiries!

Thank you for your continued support and engagement during these challenging times.

Our best wishes to your family,

Pathways In Education
